## Iconic RC Vintage Classes 2018: Eligible Buggies

The following buggy lists are to guide participants when entering Iconic RC vintage off-road events. The lists aren't exhaustive so if you don't see a buggy you'd like to run or have a general query, please contact [john@iconicrc.com](mailto:john@iconicrc.com) or ask the question on the Iconic Facebook Group: <https://www.facebook.com/groups/iconicrc/>

There are five 2WD classes and four 4WD classes. The earliest two classes may be combined at certain events.

2WD 1977-1981	4WD 1977-1986
2WD 1982-1983	4WD 1987-1988
2WD 1984-1988	4WD 1989-1993
2WD 1989-1993	4WD 1994-1998
2WD 1994-1998	

Rules are very relaxed for Iconic RC vintage off-road events with the emphasis on having fun and raising money for charity. Electrics are open, wheels are open and we welcome modifications and customisations that are sympathetic to those made back in the day. We don't expect entrants to run, for example, newer arms on an older buggy. If a buggy does have newer vintage parts then it should be entered into a later class. With so many permutations, we do not scrutineer at events and expect entrants to police themselves. If a buggy isn't in accordance with the Iconic spirit, then report it at the event.

Re-released buggies, such as the recent models from Tamiya, Team Associated, Kyosho and Schumacher are eligible in their original release category. Please note that the Tamiya DT-02 Holiday Buggy 2010 and Sand Rover 2011 are not eligible because they have a modern chassis base.

A huge thank you to Robert Jaques, Terry Cresswell and Mike Haswell for their help in compiling the lists. John.
